

UniCredit Summer Internship Program

Choose your way to grow with us!

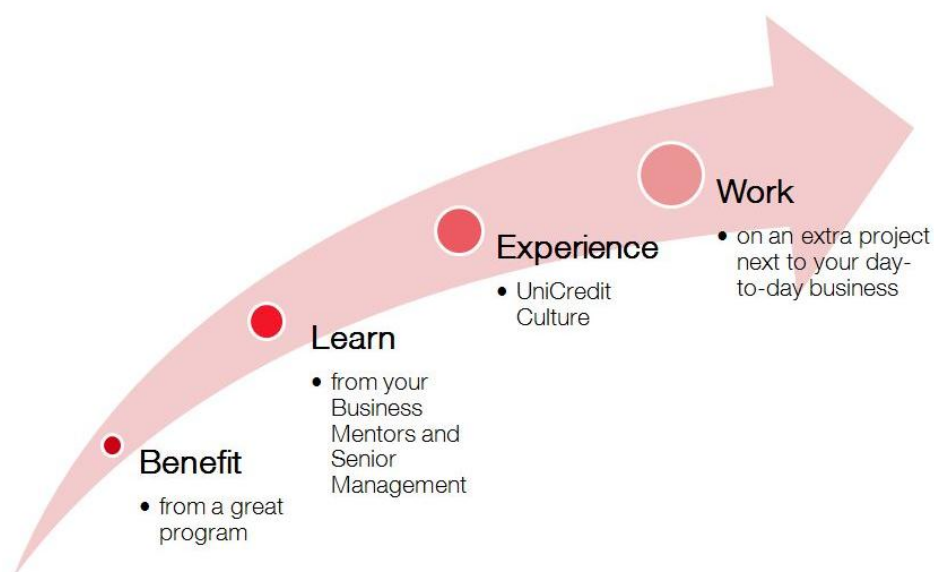

You wish to spend the **summer in the city** and gain **practical experience** in a multinational company? Then choose now: A **Summer Internship Program** at UniCredit in Munich or London. In addition to your practical experience in a European financial institution, you can benefit from a **great framework**: Take the chance of soft skills training, networking events or a get-together with the senior management.

Program description

Our program offers you a **learning environment** based on the international collaboration within UniCredit's culture. You can choose between:

- Financing & Advisory, Markets, Research
- Financial Institutions Group
- Controlling/Accounting, Risk Management
- Chief Risk Office, Chief Financial Office
- Global Transaction Banking
- Relationship Management Multinational Corporates
- and other business areas

You will benefit from an internship with clear goals and international experiences, business events and standardized feedback loops. Next to your day-to-day business you will learn from your **Business Mentor** that is assigned to you for support and advice during the entire internship. Furthermore you will work on an exciting **extra project** to share your learning experience.

Important facts:

- Duration: 10 – 12 weeks
- Date of entry: July 4th, 2011
- Location: Munich or London

What do we expect from you?

You want your learning never to stop? Perfect. Experience UniCredit's appealing environment, which is built on diversity and empowers you to make your choices for personal growth.

You are a **student (m/f) in your final study years** (Bachelor final year, Master 1st or 2nd year) and have

- an outgoing personality
- a focus on banking or financial services
- prior internships in banking/finance
- an international profile
- good English skills

Focus on banking or financial services: You have gained wide knowledge in banking or finance in your studies and in prior internships. Furthermore, your academic record reflects your skills and eagerness to learn.

International profile and good English skills: During a semester abroad or an internship abroad you have proven your ability to adjust to an international environment and you have shown your eagerness to learn different languages. English is UniCredit's first international language.
