Information Packet

A project organized by Liga AC

The Students' League from the Faculty of Automation and Computers (Liga AC) represents the interests of students from the Faculty of Automation and Computers in Timișoara. Founded in 1990, the organization has continuously developed, currently organizing projects such as:

- UniHack
- Liga AC LABS
- RoboTEC
- iTEC
- UPT Campus Explorer
- ISWinT

With an annual impact on over **2000 beneficiaries**, Liga AC is a relevant factor in supporting students' interests, offering them a valuable platform for personal and professional development.

A festival dedicated to students

International Student Week in Timișoara (ISWinT) is an intercultural educational festival, active since 1994. It is Liga AC's largest project and is addressed to students aged 18 to 30 enrolled at any university worldwide.

The **goal of ISWinT** is to educate young people to take action and make their voices heard, bringing change to the communities they belong to.

ISWinT Events

International Night

A traditional ISWinT activity where each participating country sets up a table with **specific dishes and drinks from their region**, allowing attendees to taste, experience, and learn about their culture. After the tastings, **artistic moments** from various countries are presented, including songs, dances, poetry, and musical instruments.

Romanian Night

During this activity, participants have the opportunity to explore and discover **Romanian traditions**, such as holiday customs or childhood games. The ideal atmosphere resembles that of a Romanian wedding, with traditional foods and drinks as well as artistic moments involving folk songs and dances.

ISWinT Parade

This is the **festival's highlight**, emphasizing the celebration of multiculturalism, diversity, and youth spirit. On the streets of Timișoara, participants wave the flags of their countries or communities, singing and dancing to songs representing contemporary youth, celebrating multiculturalism.

This is a public event, traditionally followed by a concert promoting various Romanian artists to both international and local audiences. In the last three years, the artist Dragoș Moldovan, winner of The Voice of Romania in 2019, was invited to perform. For 2024, Acoustic Boys have been invited.

ISWinT Workshops

Workshops are an essential part of the project, with participants divided into different **training sessions** focused on various themes. These workshops address global topics, from public policies developed by international organizations such as the UN, UNICEF, or the EU, helping participants better understand the **socio-political** and **economic** context we live in.

Green ISWinT

To minimize the festival's **environmental impact**, the ISWinT team commits to the following objectives:

- **Reducing** and selectively recycling waste throughout the festival;
- Organizing a **tree-planting event** involving the organizing team and external volunteers, in collaboration with a local NGO;
- Hosting **environmentally themed workshops**;
- **Donating** the installations created for the festival to the university campus.

ISWinT Trip

This activity takes place over the weekend and offers participants the opportunity to visit some of the most popular **tourist attractions** in western Romania, providing a glimpse into the country's history.

ISWinT 2025

The **31st edition** of the project will take place from **July 30 to August 8, 2025**.

The theme for this edition is **“Change”**, serving as encouragement for personal development and symbolically linked to the changes occurring worldwide across various sectors, such as politics, economics, society, or climate, marking a new beginning for contemporary society.

“Change” reflects human development and innovation. Thus, this edition focuses not only on presenting and **preserving culture** but also on encouraging students to **embrace change** and strive for a **better future**. By participating in workshops specific to this edition, attendees will develop skills that will help them address various problems in their communities, whether social or cultural.

Additionally, there will be several **events open** to the Timișoara **public**, allowing them to interact with international students and promote the spirit of multiculturalism.

August 2025

S	M	T	W	T	F	S
27	28	29	30	31	1	2
3	4	5	6	7	8	9
10	11	12	13	14	15	16
17	18	19	20	21	22	23
24	25	26	27	28	29	30
31	1	2	3	4	5	6

Tracks – Educational Routes

A track corresponds to an educational route chosen by participants during registration to gain **specific knowledge**. Throughout this route, participants will be guided by specialized trainers in the respective fields. Each track will include a series of **workshops** on the same theme.

At the end of these workshop sessions, participants will work in teams to develop various **projects** based on the chosen track and what they have learned during the festival. These projects will be presented during the “**Project Presentation**” activity.

This year’s tracks include:

**Innovation Through
Education**

**Mind and Body
Harmony**

Art in Motion

The Power of Words

Important Patronages

- **UNESCO High Patronage** – obtained in 2024, the first student-organized event in Romania to receive this recognition.
- **The High Patronage of the European Parliament**
- **The Royal Family of Romania**
- **The Ministry of Foreign Affairs**
- **The Department for Sustainable Development**

ISWinT 2024 in Numbers

120 volunteers

135 participants
